

CLUB COMPETITIONS- HANDICAP SINGLES 2025/2026

We are going to try a slightly different approach to the handicapping system this year. The handicaps have been set by the Competition Secretary based on recent performance in club, county and national competitions as well as prior player knowledge

1. Each player with a positive handicap will start on their respective handicaps and the winner shall be the first player to 21 shots

As an example, if Martin Helliwell was drawn against Ros Corke the match would start at 6-3.

2. If one of the players has a negative handicap then their handicap is added to their opponents handicap and the winner shall be the first player to 21 shots.

As an example, if Martin Helliwell was drawn against Jordan Moody the match would start at 9-0, being Martin's 6 handicap plus Jordan's negative 3 handicap.

3. If both players have a negative handicap, then the difference is added to the lower negative handicap and the winner shall be the first player to 21 shots.

As an example, if Jordan Moody played Tom Warner the match would start at 0-0 to Fraser.

HANDICAP LIST

DAVID WOODCOCK	11	MARTIN HELLEWELL	6
